HOUSE NORDIC

DESIGNED TO CREATE VALUE

Autumn Winter 2025

House Nordic is a Danish growth company founded by Henrik Jørgensen in 2017, now active in more than 45 countries. Based on the island of Funen, Denmark, and supported by more than 100 dedicated employees, we've grown from a startup dream into a trusted B2B partner in Nordic home design.

Our collections are inspired by the bright, simple, and functional aesthetics that define Scandinavian design.

We blend design and business insight with a sharp eye for trends — always focused on creating value for both our retail partners and their customers.

With flexible partnership models, high stock availability, fast delivery, and modern digital solutions, we make working together easy, efficient, and inspiring.

Whether you're a small retailer or a large chain, House Nordic offers scalable solutions tailored to your needs.

Through trend-driven assortments, high-volume capabilities, and a commitment to service, our products create spaces where people feel at home, thrive, and grow.

We are curious and courageous and think innovatively. We seek to improve what already exists – always with respect for each other, our customers and our world.

We look forward to being part of your journey.

Henrik Jørgensen
CEO & Founder of House Nordic

SERENE SURFACES

Autumn comfort and warm minimalism
AW25 brings warmth and calm into the home through natural materials and simple design. Dark wood tones and sculptural accents add a sense of quiet elegance – perfect for cozy autumn moments.

Tone-on-tone and soft contrasts
By keeping colours within the same palette, a harmonious and balanced look is created. The focus shifts from bold colour to form and texture, making it easy to create a peaceful and cohesive interior.

Tactile materials and organic shapes
Ceramics, stone, and wood adds a natural and sensory feel to your space. These authentic materials help turn your home into a calming retreat – a place to unwind and feel at ease.

NATURAL NOSTALGIA

Natural materials and earthy tones
Bring warmth and authenticity into your home with materials like wood, stone, and clay. Soft shades of sand, cream, and taupe create a grounded atmosphere that feels calm and connected to nature.

Retro-silhouettes with a modern feel
Curved armchairs, wooden slats, and other 70s-inspired details add personality to the space — reimagined in updated materials and colours to suit today's interiors.

Textured textiles create comfort
Tactile fabrics like bouclé and faux fur invite you to slow down and feel at home. These soft surfaces add depth and coziness, making your space stylish and comforting.

Nature's forms as inspiration
Bring the calm of the forest indoors with soft, rounded shapes in vases, candleholders, and side tables. Furniture with a stoneware or mineral look adds a natural, grounded expression to your space.

A balance of soft and hard materials
The combination of hard materials like glass and ceramics with soft textiles results in a harmonious yet dynamic balance.

Deeper, earthy colours
The palette moves away from light pastels and leans into rich, nature-inspired tones like forest green, chocolate brown, and dusty blue — perfect for creating a cozy and inviting atmosphere.

FOREST FEEL

DEEP EARTH TONES AND DARKER HUES
BRING CALM AND DEPTH TO THE SPACE.

ACCESSORIES

We continuously expand our wide range of accessories, including vases, cushions, mirrors, wall clocks, canvas prints, blankets, planters, lighting ...and so much more.

SAN MARINO WATERDROPS

San Marino is a collection of unique sculptures produced from the finest teak wood and glass.
The collection consists of 5 different models in different sizes.

When purchasing a San Marino Waterdrop, you get an exquisite product produced with focus and respect for the finest craftmanship. The decorative and organic teak wood is therefore totally unique.
Variations from the product image will therefore occur.

PET RECYCLED PLASTIC RUGS

Our rugs are made from the finest PET yarn adopted from recycled plastic bottles.
The hair-thin polyester fibers provide an exceptional softness and wool-like texture.
The process from recycled plastic bottles to a ready-to-use rug is time-consuming but eco-friendly.
The material withstands water, sunlight and dirt exceptionally - and thereby an excellent choice for both indoor and outdoor use
